: #284, P6, Marquez Street, Barangay 15 - Ilawod East Pob. Legazpi City

I am interested in creating amazing stuff using technology; it's like I'm a wizard! I am too attached to technology kinds of stuff and not afraid of trying what is new to me. I am good at googling stuff and know what to search for to solve a problem. I am willing to learn what will be the best for the project and use all my time and skills to contribute to making it successful.

Education:

Bicol University, 2021 – 2025
